

Interactive Communications Career Module

The Iowa Communications Alliance, in partnership with Future Ready Iowa's Employer Innovation Fund, has developed a Communications Career Learning Module available for FREE to all K-12 students in Iowa.

Overview of technology associated with the telecommunications industry

Past, Present, Future of Communications in Iowa

How does the internet work?

Evolution of Connectivity

Available now for Teachers & Students* to use

bit.ly/IACommAlliance

If you are not a teacher or student in an Iowa K-12 school, contact Melissa Primus (melissa@iacommunicationsall.com) for temporary guest access to the Interactive Communications Career Module

*Students will need a building code to create an account, teachers should email cmohr@aealearningonline.org for this information to share with students

Career outlines and opportunities
